A PINNACLE IN ELEVATOR XCELLENCE

Apex is one of the best-organized team of Elevator professionals and Engineers. We provide products and services for Elevator, Lifts and Escalators at economical and affordable price range. The focus on professional service and reliability are the key attributes of this long business relationship that we would like to establish with you. With our capability and flexibility, we can customise our products and services to suit your building and budget. We follow BIS standard for material and installation. Our products can also meet international standard (EN 81) if required.

OUR STRENGTHS

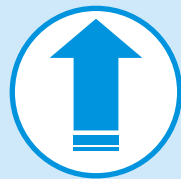

- Products are technically superior and can be customized to suit your specifications.
- Latest features and options, at value-for-money prices.
- Global sourcing of key components.
- We will be able to meet all criteria on Quality, Reliability and Price.

TECHNICAL COMPETENCY

Elevators are complex integrated systems that combine electro-mechanical components, electronics and software. Apex recognizes the importance of technical skills and therefore has a very strong technical team. All the team members are in elevator business for over 10 to 20 years with a proven record of accomplishment. Because of this technical expertise available, Apex can provide all type of products and maintenance services for all makes and brands.

AFTER SALES SERVICE & MAINTENANCE

Our 24-hour help line assists us in providing the optimum response facility supported by maintenance staffs that are readily reachable by mobiles phones. We provide personalize and efficient service to the project from deputing our maintenance team for attending breakdowns within short time to carrying out routine maintenance.
